PROFILE

A highly motivated and dedicated UX Designer with a strong background in customer service and a passion for creating intuitive and impactful user experiences. Skilled in user research, usability testing, prototyping, and visual design. Proficient in Adobe XD for creating high-fidelity wireframes and interactive prototypes. Adept at translating user needs into effective design solutions that enhance user satisfaction and engagement. Seeking a challenging role where I can leverage my skills to drive innovative design projects and contribute to team success.
